BETTER PROFITS for the DEALER!

AIR-MAZE

BETTER SERVICE for the DEALER

BETTER SERVICE for the OWNER

PROFITABLE as Air-Maze has been for the Ford Dealer in the past, it becomes doubly profitable now that there are nearly 400 distributors to give every dealer instant delivery. This means you can always have Air-Maze in stock and still keep your inventory down to a minimum. It is not necessary to buy Air-Maze direct from the factory . . . your distributor is ready to serve you.

Air-Maze has been the great seller of 1930 and is one of the few products to nearly double its 1929 sales record. Air-Maze means extra dollars on every car you deliver or service. But remember this—that Air-Maze is the only air cleaner, oil saver and flame arrester that can deliver Air-Maze results.

There is nothing "just as good" or even half as good as Air-Maze. You buy an air cleaner strictly on its performance. Air-Maze features belong exclusively to Air-Maze. They are protected by U. S. patents and can not be duplicated.

Know the name of your nearest Air-Maze distributors—and also let us give you the complete facts on air cleaning. It's information that should be in your hands right now. Write for it today.
