

3/8" reach plug with projected tip
Autolite 85
Clearance valve to electrode = .130"

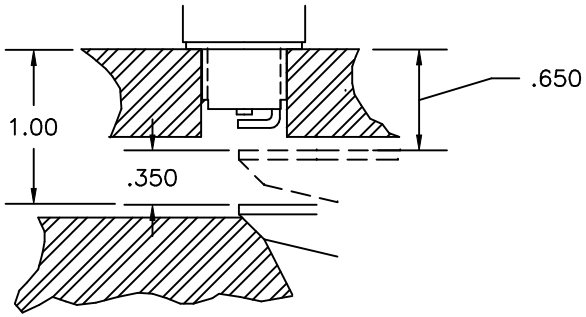

3/4" reach plug
Bosch WR8DC
Clearance valve to electrode = .050"
Plug spacer required = .325

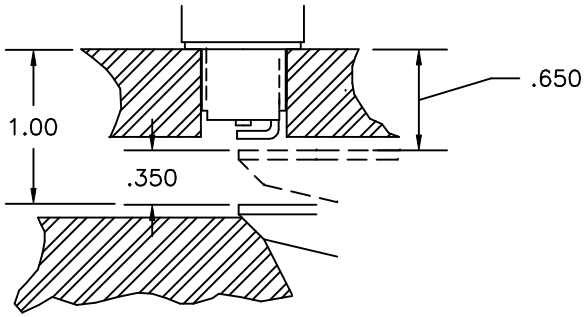

1/2" reach plug with extended tip
NGK BP5HS(4111), Champion RL95YC (929), Bosch W8BC with .063 Washer
Clearance valve to electrode = .038"

7/16" reach plug with projected tip
Autolite 437, BoschWR9FC, Champion RH18Y
Clearance valve to electrode = .045"

7/16" reach plug
Autolite 216
Clearance valve to electrode = .145"

1/2" reach plug
NGK B5HS(4210), Bosch W8AC
Clearance valve to electrode = .070"

Note: Dimensions are for my engine; yours will probably be different. Measure carefully to avoid damage.
