Frame Welting Correct Thickness posted by Hunter /Gaithersburg Md from pool-96-255-116-189.washdc.fios.verizon.net (96.255.116.189)
10 at 10:53AM :

webbing was very thin measuring between .045"-.050" thick by 1-11/16" wide. I have no idea if anyone supplies anything close. 25 years a
four different vendors before finding some good stuff (old stock) at a swap meet.
